About WAYANA Wine Bar:

WAYANA Wine Bar is our second family-run establishment in the vibrant area of Moda, Istanbul. Until the pandemic, we ran BEPPE as a high-end pizzeria with a diverse wine menu. During the pandemic period, BEPPE joined a cloud kitchen and was reconstructed as a delivery-only business.

On July 18, 2022, building on our previous expertise, we launched WAYANA Wine Bar. This time, wine is the main attraction, with a rich tapas & appetizer menu to accompany it.

The primary goal of WAYANA Wine Bar is to act as a wine center serving a wide variety of local Turkish wines. As of November 2022, WAYANA's Wine Menu contains 318 labels from 62 local wineries, all served by the glass and, of course, by the bottle. WAYANA plans to expand the wine menu to 500 labels encompassing nearly all the wineries of Turkey by the end of 2023.

Another line of activity that we are proud to engage in is wine tasting. Every month, WAYANA organizes a wine tasting event under different themes. For 2022, the overarching theme was "Wine Regions of Turkey". From October to January '23, eight wines of eight different wineries from a selected region was tasted in each session. With a total of eight sessions, wine lovers had the privilege to taste more than sixty wines from sixty local wineries, covering all the wine producing regions of Turkey.
